SUMMARY

An experienced Landscape Architect with a passion for sustainability and wildlife preservation. I have focused the last 8 years of my life on crafting high-quality proposals for my clients and executing them in a timely manner.

EXPERIENCE

Landscape Architect

Dream Homes Miami

📅 2019 - Ongoing 📍 Miami, FL

Dream Homes Miami is a private design and architecture company

- Communicating with clients on a daily basis
- Leading a team of 4 junior colleagues
- Creating 2D and 3D proposals
- Advising clients on matters regarding wildlife conservation
- Designing gardens for clients living in gated communities

Landscape Architect

Harvard University

📅 2014 - 2019 📍 Cambridge, MA

Harvard University is a private Ivy League university

- Worked in a team of 7 landscape architects
- Created sophisticated designs using AutoCAD
- Planned designs for different occasions - start of the academic year, Christmas holidays, end of the academic year
- Coordinated plans with engineers and sustainability experts
- Discussed plans with the local community (students, teachers, and locals) to get a better understanding of their needs

Junior Sustainability Consultant

Ledner Group

📅 2011 - 2012 📍 Boston, MA

Ledner Group is one of the largest architecture companies in Boston

- Supported senior sustainability consultants with all administrative tasks
- Conducted research on sustainability goals, opportunities, and trends
- Took extensive notes during client meetings
- Was entirely responsible for the proper coordination of activities
- Assessed impact of construction activities
